ON THE GALIEN RIVER

# GALIEN RIVER

**T**he private, wooded road that led you to The Preserve, carries you in either direction. In minutes you can be at the beach, or at the shops and restaurants in New Buffalo. There are art galleries and antique stores. There's country charm and sophisticated boutiques. There are farms and farm stands—with a cornucopia of the season's freshest produce. Best of all, though, there's coming home, to The Preserve. Each day, week, month or season that you spend here will become a memorable part of your life. This is the promise of The Preserve. We invite you to reward yourself with this priceless experience.

Please note, this plat is only a general representation of the land and building configuration. Specifics will be subject to change—as influenced by the actual topography, as well as construction which will be highly sensitive to the archaeology and ecology.
